ABOUT UNICENTRO

The "Universidade Estadual do Centro-Oeste" (UNICENTRO) is located in the Midwestern region of the state of Paraná, Brazil, with campuses in Guarapuava and Irati. UNICENTRO integrates the State of Paraná Secretary of Science, Technology and Higher Education system (SETI). Unicentro offers programs in all the fields of knowledge: 37 at the undergraduate level, 14 at the academic master's level and 3 doctoral level degrees (Agriculture, Chemistry and Forestry). Our Innovation and Incubator Agency (NOVATEC) is the first of its kind in the state of Paraná. Unicentro plays a major role as an agent of economic and social transformation, bridging the gaps between the Midwest and Mid-south, and offering advantages to the residents of 50 nearby cities and their total population of nearly one million people. Several programs are offered in six nearby cities, while the distance learning network extends our reach to 38 other towns.

Our locations can be viewed at:
